

MILITARY LEADERS IN SOUTH GERMANY REPORTED IN BERLIN AS FAITHFUL TO NOSKE, EBERT'S MINISTER OF DEFENSE

Reactionary Coup Extends to Bavarian Capital Where Troops Control.

ALLIES IGNORE REGIME

While United States Troops on Rhine Are Still Under Foch They Will Not Act Without Instructions From Wilson: Bolshevik Reported Busy.

By Associated Press.

BERLIN, March 15.—(By wireless to London.) It is reported here that the south German generals and the Saxons have given their adherence to Gustav Noske, minister of defense in the Ebert government.

Announcement was made by the government late tonight of reports from Munich that the Bavarian Socialist government had resigned, and that the troops were in control of that city. The reports added that the landtag would meet on Tuesday to form a new government.

Another announcement by the Kapp government stated that conditions in East Prussia were quiet, and that the military and police forces were in control of the post offices. As regards Hammer, the statement said the situation there was not clear. It added:

"In Mecklenburg-Schwerin no strike has taken place. General Lettow-Nowinski, commander of the German troops in German East Africa, has taken charge of the troops who are supporting the new government. Saxony is quiet and the troops are in control. General Merckh has ordered that no strike take place. Stuttgart, Hanover, Hesse and South Germany are quiet."

PARIS, March 15.—The Kapp government it was announced in advices from Berlin today, has fixed April 11 as the date for the election of a new reichstag.

The United States is the only nation having troops on the Rhine which has not become a party to the treaty of Versailles. It is also the only nation whose American detachment still is governed by the terms of the armistice.

No official reports regarding the attitude of the remnant of the German army to the new government had been received today by the War Department. Press dispatches last night from Berlin said the sailors were reported to have gone over to the revolutionists but this was not confirmed.

Official reports, based on telephone communications from the War Department, said the American army headquarters at Coblenz. They added nothing to press dispatches as to conditions in the German capital. The revolution in Prussia has thus far been confined to the military and pan-German party and was without other political support.

THIRD WEEK OF CRIMINAL COURT IS USHERED IN

Full Week, Because of Continuances From Previous Lists, Seems Assured.

ELECTION CASES TO FORE

Evidence to Be Taken Tuesday in Alleged Irregularities in First Ward Uniontown: Ewing B. Swaney Part to Be Called to Answer Other News.

The third week of March criminal court in Uniontown opened this morning. Although cases were listed only for Monday and Tuesday a sufficient number were left over from the first two weeks and from December to insure practically a complete third week.

On the calendar for tomorrow are two election violation cases—that of Charles O. LaClair of the First ward, Uniontown, on information made out by Ewing B. Swaney, political leader in Georges township, against whom information was made by Dr. C. W. Conn, Jesse M. Stewart and C. V. Swaney. These cases were continued from the December term, during which the first of the election cases was tried and in which Dr. Ferdinand Swaney was found not guilty.

The first case taken up today was that charging John Nobatney with voluntary manslaughter, growing out of the death of little Perry Gallic of Oliver No. 2. The prosecution alleges he killed the boy while recklessly driving his motorcycle at Oliver on last October 29 while the child was returning home from school. The defense claims the boy stopped in front of the machine and the collision was unavoidable.

Dr. Charles R. LaLak, prominent Fayette City physician, indicted for felonious shooting and aggravated assault and battery, entered a plea of guilty Saturday and at the same time a petition for parole with the Fayette county courts. The parole petition was joined in by his wife, Mrs. Lottie C. LaLak, sister-in-law, Miss Tressa C. Conrad, the injured person, and by Wilson Conrad, father of the two women. He was paroled for a period of four years.

The shooting with which Dr. LaLak was accused was a sensational event of several months ago as the result of which Miss Conrad was a patient in the McKeesport hospital for some weeks. When denied admittance to the Conrad home, Dr. LaLak was alleged to have shot through the door, the bullet striking Miss Conrad.

Many prominent citizens of Fayette City joined in the petition for the release of Dr. LaLak. The Italian, was found not guilty of manslaughter Saturday afternoon, being the fourth man juried to the March term of court have acquitted of major offenses. William Brookline, Frank Marko and Tony Belmont, all accused of the same crime, have previously been freed from custody by the verdict of their trial juries.

The jury required but a few minutes Saturday to determine that Camaratta was not responsible for the death of Sam Sabe, whom the defendant claimed died as the result of a food alcohol poisoning having its origin in a concoction alleged to have been furnished him at the Camaratta barber shop. Judge J. Q. Van Swearingen, in his charge, told the jury that from the testimony they heard, he was finding that he died as the result of food alcohol poisoning, leaving only for their deliberation whether he secured the poison in the barber shop.

ONE WOMAN'S EXPERIENCE

Of Interest to Expectant Mothers

Goshen, Ind.—I took Lydia E. Pinkham's Vegetable Compound with good results after I had suffered for some time with female trouble. Some years ago I had twin boys and took your Vegetable Compound before they came, also before my four year old boy was born, and afterwards, and think it fine for such cases. I tell others what it did for me and you may publish my testimonial.

—Mrs. Geo. A. Foss, 711 E. 9th St., Goshen, Ind.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong and thus good old-fashioned root and herb remedy contains no narcotics or harmful drugs.

MONDAY EVENING, MARCH 15, 1932.

LET US MATCH THE BOYS.

No matter how much we may proclaim our interest in a project, effort or movement, we contribute very little toward achieving results if we do not back up our talk with substantial, concrete action.

Thus, in the case of the reorganization of Company D, if the young men of the community did nothing more than talk about the necessity of retaining it as one of the city's best known institutions, that alone would not hold the organization here. It is by enrolling as members that these young men are translating their interest into action.

While general interest can be promoted by every local citizen, the young men of the city are the ones who, by identifying themselves with the company, the efforts of these citizens can be supplemented in such a way that, next to the act of enrolling on part of the young men, will be of the greatest assistance in putting the reorganization across.

Beginning today a team of the "Putters Across," who helped to accomplish wonders in Connelville on the Liberty Bond campaign, will start a drive to raise a fund which is primarily intended to meet the purely local expenses of reorganization, but in the larger sense is intended to place the company upon a sound financial footing as it will be an organization which is truly representative of Connelville's best young manhood.

In the reorganization of the company certain expenses are necessary to be incurred, for which the state makes no provision. More important still, as a means of inspiring a membership of the right type of young men, and to sustain their interest in the organization, a fund is needed to purchase athletic and other supplies of various kinds with which to equip the various as a club for the exclusive use of the members of the company. This is an attraction furnished in the armories of the cities, and plans are already under way to the same end in company station towns which are smaller than Connelville.

Even if our interest in Company D were less than the interest of other towns in their companies—which will not be admitted—our community pride should stir us to do for our boys all, and even more, than other towns are doing for theirs. The patriotism of their boys, Company D has never failed to do high honors to its home community, whenever or wherever it has been put to the test. Neither have we, as loyal supporters of the organization, failed in our duty to the company. The young men of the city are not failing, and will not fail to keep sacred the traditions handed down to them by the former members of the company. Neither must we fail to keep up our record of providing every thing needed for the best interests of the company and the welfare of its membership. To keep up that record we have but to give a cordial reception to the committee in charge of raising this fund and contribute in the same generous manner with which we have heretofore responded to all calls in behalf of what Colonel Thompson, commander of the "Fighting Tenth" upon its return from France, authoritatively terms "One of the Best Companies in the Army."

The boys of Connelville and vicinity are backing up their interest by "signing up" the company rolls. Let us match them by our signatures to checks filled out for good, fair sums.

A GOOD SLOGAN FOR BUSINESS SCOUTS.

No better evidence of the faith in the permanence of values and the certainty of the future growth of Connelville could be offered than the number and volume of the real estate transactions, recently reported as having been concluded.

Patient and far-sighted business men do not make investments involving large sums of money in localities which have ceased to grow and expand or without promise of doing both. Business properties are purchased only after a thorough study of conditions has been made. All of the facts revealed must be of such character as will convince the intending buyer that the investment is not only safe, but of a permanently remunerative character.

The recent transactions in Connelville whereby untoward business men have acquired a business block, a hotel and a garage, and local people have purchased a combined business and apartment block, are evidence in themselves of the confidence in the future of Connelville as a commercial center. So reasonably assured that they were ready to conclude the deals when prices and terms had been mutually agreed upon.

These transactions are, therefore, to be accepted as encouraging signs, and proof as well, that Connelville is preparing to move forward along those lines which are the means through which the prosperity of a community is measured. At the same time they should serve as a stimulus to the whole community to take steps in the direction of preparing to meet the demands the near future will make upon the business facilities of Connelville.

Our city has passed beyond the

COUNTRY TOWN stage; it has become more than a railroad center. The interests of the community, its supplies and needs are constantly increasing in proportion as we make ourselves ready to meet them just so will we be benefited by the expansion of which we are now having so many evidences is gradually progressing and will soon take on still larger proportions.

"Be Prepared" is as good a slogan for Business Scouts as it is for the Boy Scouts.

When the committee in charge of the drive for Company D's financial support has finished its work in true "Putters Across" style, we won't need to have Judge Reppert, come down again to tell us how much we should appreciate the "bunch" that can put anything across. The Boys of Company D will do that for us, much as we would be pleased to have the judge with us upon such an occasion.

The Allies ought new to join in building a fence around Germany, then sit on the top rail and watch the various factions of the Huns fight it out among themselves.

It is not every town that can have the distinction of being the home station of "One of the Best Companies in the American Army." That is why Connelville means to lay a still firmer foundation Company D.

FIREMEN MEET

Western Pennsylvania Association Board Discusses Convention Plans.

Tentative plans for the convention of the Western Pennsylvania Firemen's association to be held at Conneaut Lake this summer were discussed at a meeting of the board of control held in St. Clair on Saturday, W. E. DeBolt of this place attended.

The exact date of the convention was not set but the contract with the park managers was signed. A half mile dirt track has been turned over to the firemen for their races and a big prize list, which will tend to stimulate interest in them, will be drawn at the time. Conneaut Park management had given \$1,000 towards the prizes.

GOLDIE VECOLA DYCK, vs. ELLSWORTH CHESTER DYCK, ex. HUSBAND. Common Pleas of Fayette county, Pa. No. 18, March Term, 1932.

"An all-around good shot—that's us"—Chesterfield

WHAT we're aiming at, is that it takes both skill and precision to blend tobaccos the Chesterfield way.

Blending, by Chesterfield's method, brings out a new richness of flavor and mellowness of taste that other and less skillful blending methods fail to "discover."

Chesterfields sure do "satisfy"—and not in flavor alone, but in value, in quality, also in their extra wrapping* of moisture-proof, glassine paper that keeps the cigarettes in every package firm and fresh.

Today, ask your dealer for these "satisfy-smokes."

BEAT "DUKE" HIGH

Connellsville Trounces Visitors; New
Center Shows Up Well.

Defeating the Duquesne University
high on Friday evening here, the local
high won another game Saturday eve-
ning at the gym when Duquesne high
was trimmed, 35-32. When Duquesne
high's section of the W. P. L. League
closed its season that team was tied
for second place. After playing a sog-
gy game on Friday, Connellsville
brightened up somewhat and led
throughout the game. Hume, who had
been away off form, came back and
caged three field goals. He also got
the fouls going right, running up 13
out of 25 attempts.

Coach Alderfer started Neid, a
freshman, at center. Neid has as his
opponent St. Clair, an all-scholastic
selection, but held him to one goal
and two himself. The boy is a
good shot and can pass. A little addi-
tional experience will give him more
confidence and aggressiveness.

"Laxative Bromo Quinine Tablets"

G. M. Brown

For Colds, Catarrh or Influenza

Do you feel weak and unequal to the
work ahead of you? Do you still cough
a little, or does your nose bother you?
Are you pale? Is your blood thin and
watery? Better put your body into
shape. Build strong!

An old, reliable blood-maker and
berbal tonic made from wild roots and
barks. Is Dr. Pierce's Golden Medical
Discovery. This "nature remedy" comes
in tablet or liquid form. It will build up
your body and protect you from dis-
ease, strengthen your system. One of
the active ingredients of this tem-
perance alternative and tonic is wild
cherry bark with stillingia, which is so
good for the lungs and for coughs,
also Oregon grape root, blood root,
stone root, Queen's root, all skillfully
combined in the Medical Discovery.
These roots have a direct action on the
stomach, improving digestion and stim-
ulating. These berbal extracts in the
"Discovery" aid in blood-making and
are best for scrofula. By improving the
blood they fortify the body against an
attack of grip or colds.

Catarrh should be treated, first, as a
blood disease, with this alternative. Then,
in addition, the nose should be washed
daily with Dr. Sage's Catarrh Remedy.
Send for trial pkg. of Medical Dis-
covery Tablets or Catarrh Tablets to Dr.
Pierce's Invalids' Hotel, Buffalo, N. Y.

Frocks That Fascinate---

How varied their beauty, how wide their appeal!

CONSIDER their colors, their richness and their youthful charm, but consider more carefully than these, their effect upon the woman whom they become and, becoming, adorn.

Says Dr. Edwards, a Well-Known
Ohio Physician.

Dr. F.M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color. These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit, 10c and 25c.

Its lines flash with fresh wit and new, colored slang, and its merit of clean wholesomeness shines benignly over character, lines of situation. Dainty Lois Bolton will again be seen in the role of the enchanting young wife. Undoubtedly a cordial welcome awaits the young actress with her artless ways and ingenious personality.
